AQUACULTURE MARKET EXPLORATION IN CHILE AQUASUR 2024 FOLLOWED BY A MARKET VISIT

Innovation Norway is offering Norwegian companies' space in a Norwegian pavilion at AquaSur, the most relevant aquaculture trade fair in the Southern hemisphere.

Norwegian Pavillion at AquaSur 2024 - The path towards the Blue Transformation

The 12th edition of the fair brings together the aquaculture sector in the region, and will allow Norwegian companies to connect to decision makers, leading companies in the industry and to showcase Norwegian high standard of sustainable technologies for Chilean aquaculture market.

Innovation Norway South America has a booth of 116 sqm reserved by November 2023 and an Export Promotion Grants (Eksportfremstøt) is available to Norwegian companies participating in trade fairs abroad. By clicking here you find more information.

Price: from 09.000 NOK (price per sqm) without the grant.

Dates:

AquaSur 2024 – 19th to 21st March, 2024 | **Market Visit** – 25th to 27th March, 2024

Market Aquaculture Visit in Chile 2024

Taking into consideration the current focus of the Chilean aquaculture market and government to grow in a sustainable way, the market visit consists on meetings with relevant business decision makers seeking to explore opportunities, identify clients and partners to successfully enter the Chilean market or expand existing business.

The Market Visit is a group program tailored made as much as possible based on the participant companies interest.

Price: from 20.000 NOK per company and two representatives per company (Depending on the size of your business).
